ATI At a Glance

ATI's singular focus on providing outsourcing services and technology to the travel industry across the globe has been a remarkably successful one.

Since commencing in 2002 with a single discipline of fare filing the business has grown today to supporting over 100+ independent work disciplines including ticketing, land and cruise travel distribution, fare auditing, finance and robotic process automation. We've grown to be the largest business process outsourcing firm operating in this market and serve customers within the travel and aviation sector in over 20 countries around the world.

We have packed a lot into a relatively young life. We believe our success has only been achieved by always listening carefully to our customer's needs and by building a collaborative working model.

As a customer of ATI you will only ever be working with a team who understands the world in which you operate as we have thousands of years of travel experience.

We have vast experience in transitioning many customers and their business needs seamlessly into our delivery centres.
